Comments/Ideas/Notes worth Sharing:

- Try Animal Care Technologies for keeping students engaged and tracking how much time they are engaged
- Provide students access to various articles and post notes to keep students engaged through quizlet.
- Try a review question for the day and also a “challenge” of the day. For instance, ask them to find a type of restraint around their house, and then the challenge is explaining what you can do with that type of restraint.
- Post a weekly “theory packet” for review
- Use Google Meet video conferencing app to do check-in and check-out circles at the beginning and end of each week to keep the students engaged.
- Try virtual tours of agricultural facilities are available through PAFFA
- Students can take the NAFTA
