

David Edward Garcia 9:00 am

Voted North America's #1 Motivational Youth Comedian, David Edward Garcia empathizes with diverse students who face challenges because he was once an "at-risk ADHD student" himself before defying the odds and graduating with Bachelor's and Master's Degrees. His upbringing along the Texas-Mexico border facilitated his multiculturalism and multilingualism, which makes his message relatable to diverse audiences. With a message that is half standup/half inspiration and ALL POSITIVE, David shares how he went from failing high school classes to earning three college degrees, learning five languages and traveling the globe to deliver his message in 19 countries.

Judaline Cassidy 2:00 pm

A feminist plumber, Tradeswoman activist, podcast host, immigrant, and public speaker, Judaline Cassidy founded "Tools & Tiaras Inc." in 2017 to teach, inspire, and mentor the next generation of girls and women about trades that are considered "non-traditional" and are often inaccessible for women. Because of her tireless work, she was recognized by the New York City's Women Builders Council as one of their 2018 Outstanding Women. She is the recipient of the 92nd Street Y's Extraordinary Women 2018 Rising Star Award, and is the Regina V. Polk Women Labor Leadership 2019 Alumna of the Year. In 2020, Judaline was recognized as one of CNN's "Champions for Change." A proud member of Plumbers Local Union No. One NYC, Judaline seeks to put tools in girls hands and teach them that *jobs don't have genders*TM. Judaline will lead a discussion with a group of young students who are breaking the mold in unexpected careers!

SEPTEMBER 29, 2022
8:00 AM - 3:00 PM

SEE REVERSE FOR BREAKOUT SESSION DETAILS

10:15 am – 11:15 am

Morning Breakout Sessions (Choose one):

- **Rose Lehrman Arts - Room 206**
 - **HACC Information Panel Session** - Meet representatives from several key departments at HACC who will share important information that will help your students to become college and career ready.
- **Blocker - Room 212**
 - **Equity, Access and Special Populations** - Join the Equity and Access specialists at Mid-Atlantic Equity Consortium for a frank discussion about the skills required to address factors which contribute to inequities, and how educators and counselors can become change agents and create positive learning environments where all students can succeed.
- **Cooper Student Center - Room 209 A&B**
 - **CTSO Super Student Panel Discussion** - Hear from an impressive group of CTE students representing all the TechLink schools about how their involvement in Career and Technical Student Organizations is paving the way to their future success!

12:30 pm – 1:30 pm

Afternoon Breakout Sessions (Choose one):

- **Rose Lehrman Arts - Room 206**
 - **Business & Industry Panel Discussion** - Join representatives from business, industry, and education for a lively discussion about high priority occupations, recruiting efforts, the demands of an evolving workforce, and the future of work.
- **Stabler - Room 102**
 - **ACT 158 and Industry Credentials** - Did you know Career & Technical Education Centers can assist and support the sending districts with information necessary to ensure a student's successful pathway to graduation? In this session you'll learn about alternate pathways to pathways to graduation and how industry credentials in CTE can assist in your PDE-required Every Student Succeeds Act (ESSA) Consolidated State Plan Future Ready PA Index efforts
- **Cooper Student Center - Room 209 A&B**
 - **21st Century Career-Ready Academics** - Representatives from York County School of Technology will share ideas for building curriculum around the needs of the future workforce and the shifting the paradigm from grade-centered academics to career-focused learning.
