**Comments/Ideas/Suggestions worth Sharing:**

- Post videos of yourself doing PT to encourage students to exercise (use props such as household pets)
- Use FEMA site to create projects to incorporate into your learning platform (design social media site for your fire department/police station and explain how to manage it; special events planning projects)
- Schedule regular “Drop In” Zoom office hours for students
- Create your own YouTube channel – engages students
- Under current situation, teachers are serving more as mentors and coaches
- One teacher, who is a police officer, is going to Zoom with his class while he’s at work training a new hire
- Use webinars to teach students about how the industry is affected by COVID

- Google EMS/EMT podcasts; Check YouTube for content specific resources
- Schedule virtual guest speakers (ie. retired police officer)
